

20 years of the EPBC Act – compliance, enforcement and institutional arrangements

Andrew Macintosh
ANU College of Law

Recommendations

- Need for increased resources, and sustainable funding model, for administration of EPBC Act, including compliance and enforcement
- Need for increase in spatial data capabilities – along the lines of Clean Energy Regulator
- Increase transparency in compliance and enforcement activities – along the lines of NSW DPE
- Tripartism – give responsible third parties a seat at the compliance and enforcement table
